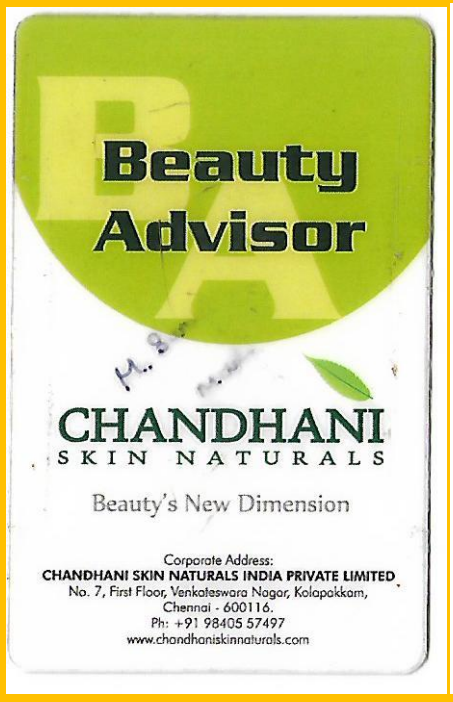
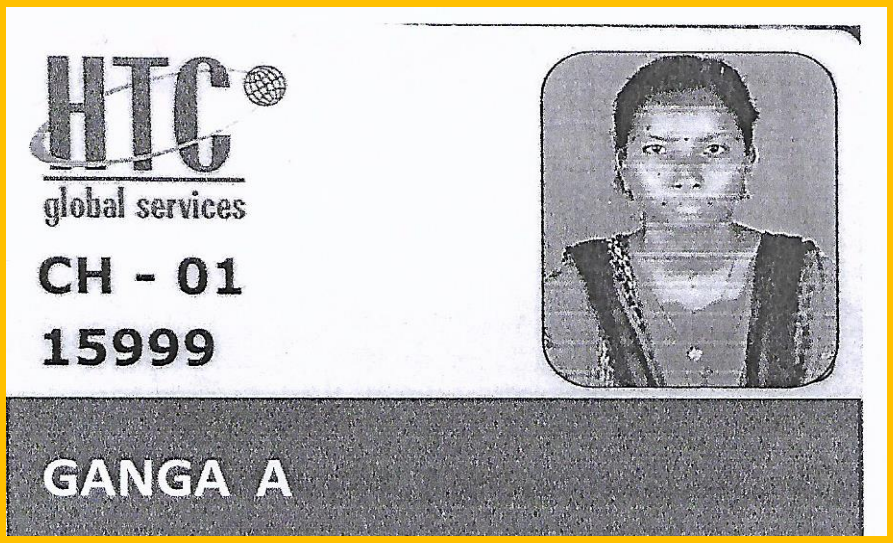
Students in Retail Shops as Sales Supervisors, and Sales Counters:





CONCLUSION: We will start placing all trained students in coming months and improve their Economic activities. We thank you once again People Progress in India for supporting our project. Budget constraints are there to implement the project. We put 6000INR as salary, but tutors are not willing to come for that salary, maximum they expect 10000 INR per month. Hence If you increase the Salary part from INR 6000 to 10000 INR, it can be very comfortable in implementing the project.
