Telephone: +91 03242 254137
Email: mgbkendra.2014@rediffmail.com

Sponsored by: People for Progress in India, USA

Project Location:

Village: Kaduri, Musla, Nutangram, Ushardihi, Block: Kashipur, District: Purulia

Objectives and goals of the project

The goals of the project are to enhance high school level education facilities to tribal children, who were also beneficiaries of literacy programme, and reducing water borne diseases of tribal community.

The main objectives of the project are to provide education coaching and material support to tribal children so that they can complete high school level education without any dropout and to install a tube well and repair a defunct tube well for ensuring safe drinking water for the tribal villagers and minimizing water borne diseases.

Target group

Indigenous marginalized Kheria Sabar Santal Tribal students (girls) and community people of villages Kaduri, Musla, Nutangram, Ushardihi of Kashipur block in Purulia district

Activities undertaken:

Our organisation has started a coaching centre in the multipurpose community centre at village Kaduri from the month of May 2018 involving 4 teachers on part time basis for educating girls in the subjects English, Mathematics, Bengali, Science, History and Geography. Education materials like books, exercise books have been given to 28 girls.

The site for installing new tube well has been identified in the community land.

The project has been monitored quarterly by the Project Coordinator and the Project Committee chaired by the Secretary of the organization.

Uday Narayan De, Secretary
Moyrabandh Gram Bikash Kendra
